about the components!”

The power of service

is what sets us apart

Our core business revolves around supplying parts such as bearings, sprockets, chains, gearboxes, etc. At PTS, supplying parts is only the beginning. Our dedication to providing an unmatched level of product knowledge and customer service has earned the trust and respect of our customers. When you call PTS, you will speak one-on-one with knowledgeable staff who fully understand your applications and are ready to offer the correct parts to meet your specific needs.

Product Spectrum

- Bearings
- Industrial Automation
- Mechanical Power Transmission
- Electrical Power Transmission
- Hydraulic Transmission
- Pneumatic Transmission
- Hose & rubber
- Material handling
- Specialty Products
- Industrial Products

Service Capabilities

- Comprehensive Product Selection
- Knowledgeable Staff
- OEM Parts Sourcing
- Inventory Liquidation Service
- 24 Hour Emergency Service
- Bearing Failure Analysis
- CAD Design
- Dead Inventory Buy Back
- Electronic Repair
- Hydraulic/ Pneumatic System Design
- Laser Coupling Alignment
- Machine Design Assistance
- Machining / Custom Fabrication

Power Transmission Services was established in 1982 as a distributor of reliable mechanical machinery parts and related industrial supply. As a family owned business it was our goal to become not the largest in the industry, but the best in product knowledge and unsurpassed service; values that customers could depend on.

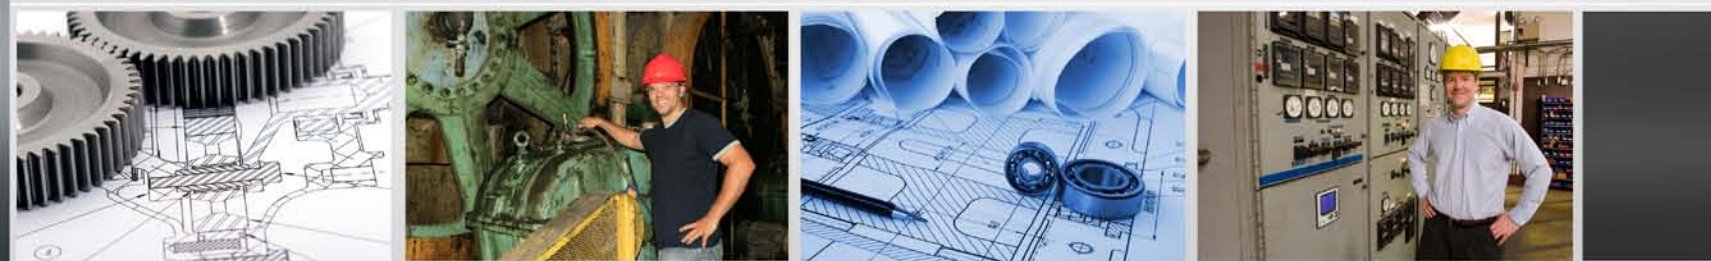

With over 100 years combined experience in the business and the addition of two mechanical engineers we can offer not only a higher degree of service, but a "hands on" approach to your application problems.

Companies ranging from Fortune 500 to local farms have entrusted PTS to keep their machinery running. We have developed an expansive inventory over the past 26 years - one that continues to grow with each customers individual needs. The inventory, product knowledge and unsurpassed service at PTS will provide your company with the tools needed to succeed in this highly competitive manufacturing market place.

We sincerely hope that you will consider PTS for your power transmission needs.

Sincerely,

Jeffrey H. Slade
President, PTS
